Volume 23 Issue 03 Summer Edition 2023

A 55+ Condominium Association

## *President's Note*

Hello Owners,

As many of you know, we have come to a crossroad with our current trash contractor Waste Management. They are requiring us to transition to 96 gallon totes that are picked up by the side load trucks. Their proposal also includes supplying every lot with a 96 gallon tote, and once a week pickup year round. We did have a few companies come in to take a look at our needs. They both said they couldn't compete with WM.

At the BOD meeting on July 15th the board approved the WM contract. We have not signed this contract yet.

In the past week, we had another trash contractor stop in to review our needs. We were very lucky with them. They actually came in the park with their operations team to look over our park. We came to an agreement with them. We will NOT be signing with WM. We will be able to continue using the inground trash receptacles! Disposall will be doing the twice a week pickup during peak season and once a week during off season. Like WM they will not be doing pickup of bulk items. You the owners will have to order it special from Disposall or another third party company.

Sabrina has done an outstanding job in working to finalize this contract. It remains as close as possible to what we are used to. Thank You Sabrina.

Another topic we hear about lately is the condition of the Canal. We know it looks and smells terrible. The good news is Aquatic Weeds installed the first thruster the other day at the Lake Magic end of the canal. This thruster is pushing the water flow to Lake Davenport. This is the first of 4 thrusters that will be installed. Aquatic is waiting for 3 brackets to mount the remaining thrusters. The brackets have been on backorder for a while and are scheduled to arrive by August 4th. Hopefully this happens. It gets very frustrating on our part with all the delays waiting for parts and having to tell you all that there is another delay.

Palm tree trimming has been completed for 2023. They did a good job and the park looks great. They were a little behind on the grinding of the palm fronds due to mechanical breakdown but eventually caught up. Overall we are satisfied with the work Mid Florida provides to ORO.

The new "Official" Facebook site was launched. So far those who joined are happy with the positive tone of the post to date. We hope you join now for up to date information. If you have questions and would like answers from the board or office this is the place to ask. Join now by going to the ORO Community site at:

<https://www.facebook.com/groups/orocommunity>

As a team, the BOD, office, and maintenance hopes all owners are satisfied with the incredible amount of progress we have made to improve ORO this summer. We are not done. There is still more to come. Have a great summer and "Lets all be safe out there".

# Park Manager Update

Hello Owners and Visitors,

It has been an incredibly busy summer thus far. Our Maintenance Team has been working diligently to make long needed repairs throughout the Park while maintaining their day-to-day operational duties. Between our Office Staff and our Maintenance Team, we have an amazing crew. We have received many compliments on the changes and repairs that have been made to date. We are striving to improve the overall appearance of the Park for everyone's enjoyment. The streets are busy with tree trimmers, contractors, and delivery trucks. Many of our Owners are having roofs, siding and awnings repaired due to our surprise hail-storm.

Please keep in mind that our words have the power to lift us up or bring us down so we should always choose our words wisely when dealing with our neighbors. I'm looking forward to our winter residents returning so you can see firsthand the improvements we have made.

Continue to enjoy your summer and we will see you soon!

## Rental Program Delivers Value

The Rental Program continues to grow and improve as more owners learn about the value we deliver. Our Rental Coordinator, Leslie Michaels, provided her bi-annual review of rental property pricing in our area to the Rental committee and the Board. As a result of this information, we have increased our rental rates in addition to adjusting a few of our policies and fees to deliver more value to our participating owners.

After the hailstorm that hit ORO, Leslie was busy inspecting rental properties to report any visible damage to owners. She then assisted the rental owners in securing vendors to take care of the damage. Leslie is now starting the annual inspection of our properties to ensure their compliance with the Rental Program standards and safety regulations.

The Rental Program is on solid financial footing with more than 8,000 nights rented from July 1, 2022 to June 30, 2023. With our planned expenses for the remainder of 2023, we believe the program will have a net profit of about \$20,000 this year. With this news, we have started to identify improvement projects to fund that improve ORO for everyone. For our first project, we contributed to the purchase of the large decorative rocks at the ends of the newly landscaped entrance walkway.

The program continues to have a long wait list, especially for homes in January through April. We hope you will consider adding your property to the program. For more information, please contact Leslie at 863-877-4182 ([rentals@oro-orlando.com](mailto:rentals@oro-orlando.com)). We look forward to hearing from you!

Above is the new ORO decals that are now available for owners.

If you have not gone to the office to have a new one installed by our awesome office staff, please do so.

At that time, the office staff will need to see and copy your current vehicle registration, your current license and insurance card. Some may ask "I just gave them my license and insurance card last year". Things change a lot in a year in Florida. In case of an emergency or accident, we need the most up to date information available.

No license! No insurance! No sticker! thus limiting your access to the park!

You must also get a sticker for your golf cart, scooter, and motorcycle.

Please contact the ORO Office for a "Change of Address Form" if your address has changed from what we have on file.

The ORO Office can also provide you with an "Owner Consent Form" if you would like to set up electronic (email) notifications from ORO.

**If you park your vehicle, trailer, boat, golf cart, motorcycle, or scooter in your neighbor's driveway while they are away from ORO, the office needs either an email or a letter from the owner stating that you have their permission to do so. If you park on a property that you do not own without proper permission and documentation, the Sheriff's Office will be called for trespassing and your vehicle will be towed at your expense.**

A parking permit is needed for any vehicle or trailer parked at the Clubhouse or Bathhouses overnight. Additionally, a parking permit is needed if you need to park a trailer, boat, etc. in your driveway. Permits can be obtained at the ORO Office.

# VERO BEACH—CAPT HIRAMS RESORT—FEBRUARY 8-9, 2024

As much a place as it is a state of mind, Capt Hiram's Resort is the essence of Florida, enhanced with a Bahamian beat.

There are enough outdoor activities and interest for guest of all ages to stay here for days.

Make yourself right at home on the shores of Sebastian's Indian River and surrender to "island time"

Now a Florida Landmark and listed on the National Register of Historic places, and recognized by the Garden Conservancy as a preservation project of national significance, McKee Botanical Garden is, as its founders envisioned, a wild place of natural beauty.

## MCLARTY MUSEUM

The McLarty Museum is built on the actual historic site of the 1715 Spanish Fleet Salvage camp. It was on this very beach that approximately 1500 survivors struggled to shore after their ships, laden with gold, silver, and jewels, were sunk by a ferocious hurricane. Spain salvaged the wreck sites for four years but it was later forgotten. In the 1960's the wrecks were rediscovered and salvage efforts continue to this day. The McLarty Treasure Museum is dedicated to telling the story of the 1715 Fleet with informative videos and displays of original artifacts including gear, weapons, and treasure from the ill-fated galleons.

Bus leaves at 8:00 am on February 8th and returns at 7:00 pm on February 9th

**Cost is \$310 pp dbl occupancy**

**Contact person: Dee Sordillo
