

Hello, my name is Larry Vohs, I am running for the board of directors.

I've lived here for 4 years. I'm 71 years young, a retired machinist of 42 years and married to my wife Sheila.

It has been a trying 3 years on the board with sewer and water problems, we lost houses to fire, [REDACTED].

I think the future looks bright for ORO.

I would like to see a traffic signal in front of ORO, sidewalks to Aldi or Publix that would help people get around. In my working career I would start a project and work it until finished no matter what it took. I look forward to another 2 years on the board. I'll work hard and listen to the owners. I am a team player, a people person and live here year round. I live at lot 220 and your welcome to come and talk to me in person, call or text: 952-210-1471.

Thank you
